Q My wife and I are huge fans of *Band of Brothers* and *Life* star Damian Lewis. What is he currently working on?

-Chris O'Donoghue, Milwaukee

A The London-born actor will be seen in another series premiering on October 2nd. He plays one of the central roles in *Homeland*, a terrorism-themed Showtime drama in which he plays a military veteran whose loyalties are questioned by a CIA agent (Claire Danes).

Q: Can you tell me why they replaced Laurence Fishburne with Ted Danson on *CSI: Crime Scene Investigation*?

-Jack Frazee, Grove City, Ohio

A: Fishburne's contract for the CBS crime drama was up after the past season, and the announcement of his exit indicated it was his decision not to return. That forced the show's producers to start looking for another leading man, and though both Fishburne and William Petersen had come to *CSI* from the movie and stage worlds, the series went with a familiar television face in recruiting Danson.

Q: Do they count DVR recordings for ratings?

-Steven Valdez, Pueblo, Colo.

A: They definitely do. With the popularity and wide, common use of recording devices, there now are three strata of ratings: the regular, over-the-air telecasts; "Live Plus SD," compiling the numbers for the over-the-air telecast with those for same-day viewing later; and "Live Plus 7," a composite of the over-the-air telecast and the viewings of the same program in the seven days afterward. All of those factor into the price that networks charge advertisers for commercial time.

Q: Why are some of the channels listed in the Channel Lineup not found in the daily programming grids?

A: Unfortunately, we don't have enough room to list all the channels in the main grids. The channels listed in the Channel Lineup are channels that can be available to you on your DIRECTV system.

Q: Some programming titles listed in the grids indicate that they are HD but yet the channel itself is not HD. Why is this so?

A: Many broadcast service providers offer both non HD and HD channels for a particular network. Some programs indicate that they are in HD because the network itself offers high definition for that particular programming and can be viewed on the HD channel. In your case, your service provider does not offer the HD channel at this time.

Q: It's the first week into the month and I haven't received my magazine yet. What should I do?

A: You can contact USPS at 1-800-275-8777 to inquire mail service updates in your area or view their website at <http://www.usps.com/communications/news/serviceupdates.htm> for updates. If there are no delivery problems in your area, please contact our customer service to verify your mailing address. For new subscribers, please verify when you will receive your first issue. Remember, it takes 6-8 weeks to process a new order.
